Executive Summary

The Robert S. Howard Foundation, a 501(c)(3) non-profit, is pleased to present our project plans to the H.N. and Frances C. Berger Foundation. The Robert S. Howard Foundation stewards a collection of more than 10,000 specimens collected by Mr. Robert S. Howard, a lifelong conservationist.

This collection will form the core of the world-class Howard World Wildlife Museum, to be located in Riverside County. The partnership between the H.N. and Frances C. Berger Foundation and the Robert S. Howard Foundation will create a transformative addition for the residents of Riverside County. The museum will provide educational school trips, community outreach, family events, educational programming, and interactive exhibits. The Robert S. Howard Foundation will be an important addition to Riverside County.

This document is a preliminary "first take" conceptual plan, created without the participation of key stakeholders, including community members, and the board of directors of the H.N. and Frances C. Berger Foundation. Our next step is to gather feedback from the Board of Directors to iterate and refine the conceptual design.

Mission, Vision & Values

Mission:

The Howard World Wildlife Museum is dedicated to preserving the legacy and collections of Robert S. Howard. Through immersive public displays, interactive exhibits for children, and engaging programming, the museum aims to inspire, honor, and provide stewardship of the natural world.

Vision:

To be a world-class institution that sparks curiosity and passion for nature in visitors of all ages, fostering a deeper appreciation and connection to our planet's biodiversity.

Values:

- **Excellence** - Delivering awe-inspiring, educational experiences through innovative exhibits and excellent service.
- **Sustainability** - Promoting conservation ethics and environmental responsibility.
- **Inclusivity** - Creating an welcoming space for all to explore and learn about nature.
- **Inspiration** - Igniting a sense of discovery and lifelong enthusiasm for the natural sciences.
- **Integrity** - Upholding the highest standards of ethics, accuracy, and transparency.

Visitor Experience

The Howard World Wildlife Museum - A World-Class Museum

The Howard World Wildlife Museum is an exciting new interactive museum opening in 2026 in Riverside County, California. This world-class destination will immerse visitors in the wonders of the natural world through the incredible wildlife collection of Robert S. Howard.

Highlights

- Over 1,500 stunning nature specimens on display (rotating exhibits)
- State-of-the-art interactive exhibits and multimedia experiences
- Hands-on learning opportunities for all ages
- Engaging family programming and guided tours

Whether you're a local resident, tourist, or school group, The Howard World Wildlife Museum promises an educational adventure. Get up close with exotic animals, discover fascinating ecosystems, and be inspired by the beauty of our planet's biodiversity. This must-see attraction will excite and delight nature enthusiasts of all ages.

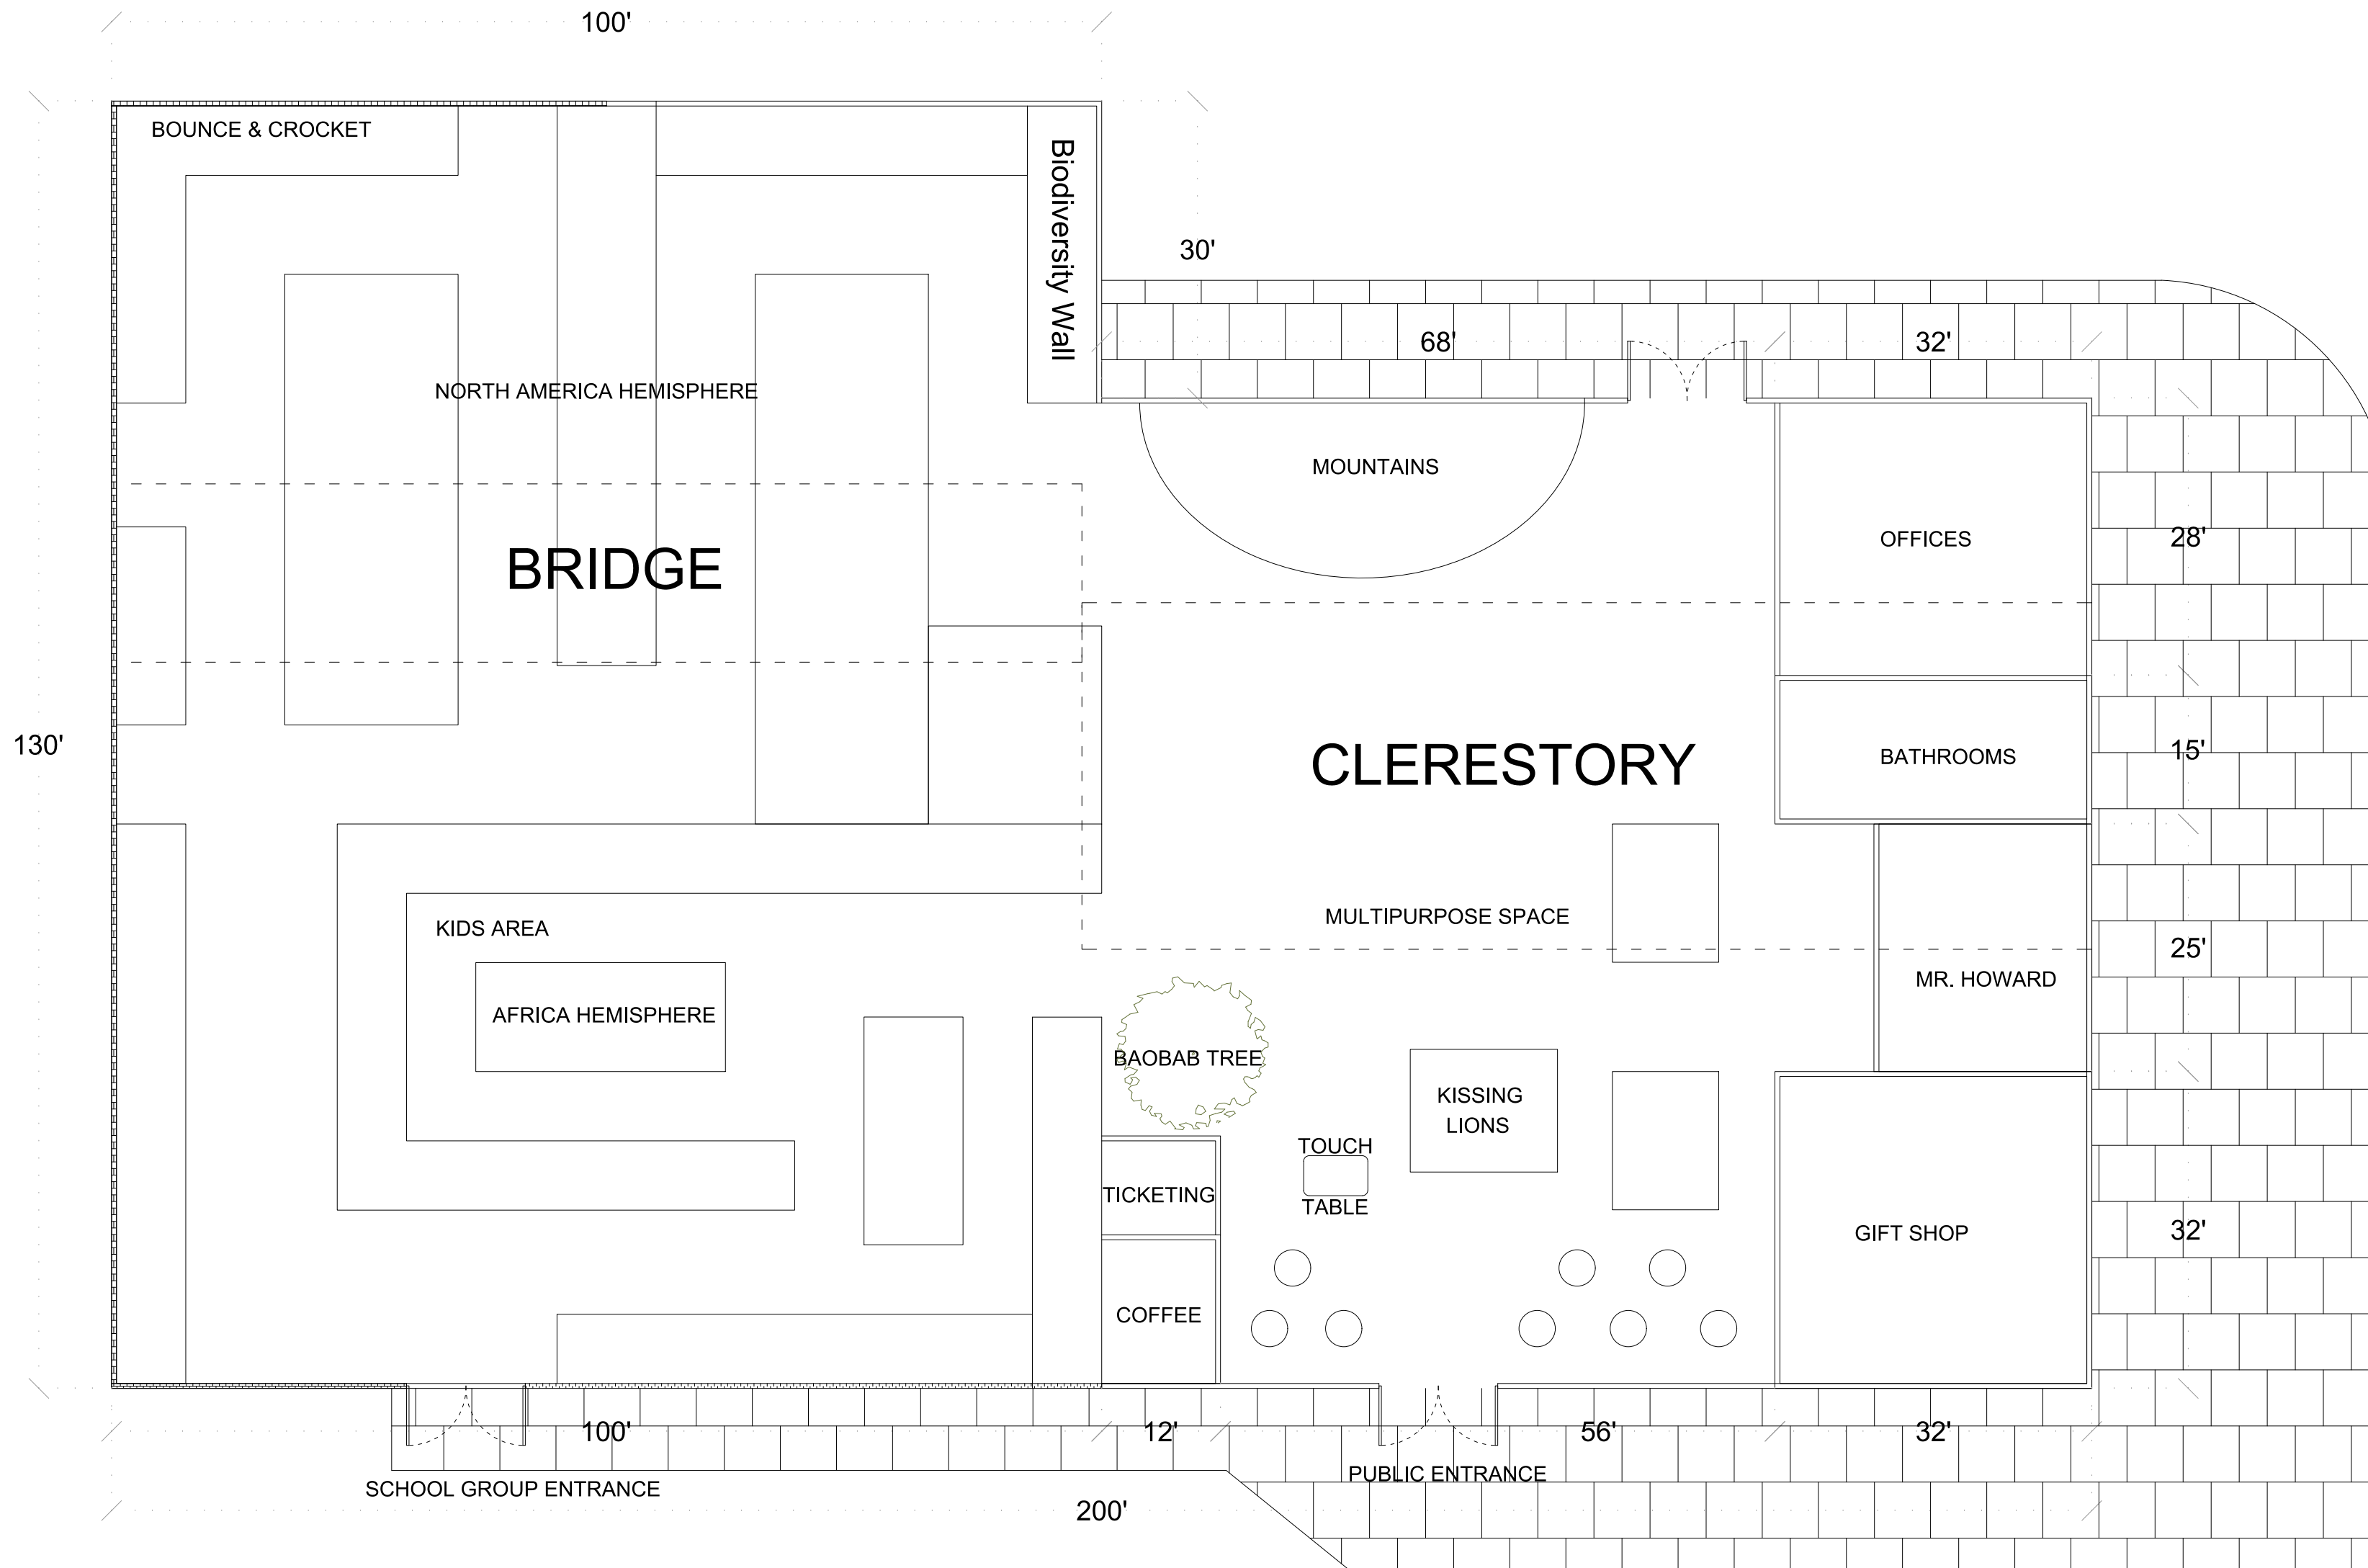

Building Program

The Howard World Wildlife Museum - A World-Class Museum

The Howard World Wildlife Museum building will be as ambitious and forward thinking as Mr. Robert S. Howard. The building will be light filled spaces that inspire, provoke and excite. From the landmark clearstory with I-10 visible animal collections to the engaging and magical lions “kissing” at the entrance everywhere you look will be magical.

1. 23,000 square feet total building size
2. Approximately 7 Acre Site
3. Adjacent and visible from the I-10 Freeway
4. Interactive Educational Family Spaces
5. Interpretive Walking Trails
